

# SPOTTER NC

SPOTTING SCOPE

Display

The SPOTTER NC is a 20-60x80 spotting scope that brings your target into clear, consistently-sharp, high-contrast focus, especially at long distances that overwhelm lesser optics. The angled eyepiece position permits a lower scope mounting height, which allows better stability and user comfort. The SPOTTER NC is nitrogen filled and fully waterproof, dustproof, and shock-resistant. All Newcon Optik SPOTTER series spotting scopes come standard with a durable, padded field carrying case and tripod.

Optics	SPOTTER NC
Minimum magnification (x)	20
Maximum magnification (x)	60
Objective lens diameter (mm)	80
Focus range (m)	15 - ∞
Exit pupil (mm)	4 - 1.3
Eye relief, (mm)	18 - 15
Field of view @ 1,000y 20x / 60x (feet)	89 / 44
Dioptr adjustment range	±7
Twilight factor (20x / 60x)	16.5 / 1.8
Relative brightness (20x / 60x)	39.7 / 69.3
